

# 12" x 18" VERTICAL SIGN BLANK TEMPLATE

18"

Holes are drilled 1.25" from the edge of the sign

This is where the hole will be drilled for a bolt. Be cautious of artwork or important information being too close to this area.

We will shrink artwork as we see fit to clear these holes.

**All type and important graphics should be within this area**

Painted aluminum signs are cut prior to printing and can shift slightly during production. If colors or images fall outside of this area, shifting will be more apparent.
